

Top to bottom labelling?

Stick with us

We have a huge range of labelling machines so there's virtually no product – however delicate or fragile – that can't be labelled.

Promotional, informative, descriptive, colourful and high quality plain text labels for applications like ingredients labelling can be applied in a variety of methods and configurations onto all kinds of packs or products.

Wrap around, base, top, side, single, double or 3 panel application, non contact or versatile, high quality, in line print and apply – chances are we have a single machine or integrated system that can be tailored to your needs.

**For peak labelling performance, call Dave Evans now
on +44 (0)1255 241000 or go to www.aewdelford.com/labelling**
